

The Skypilot Sound Rider and Stage Plot

revised 3/2/11

Thanks for your help in setting up The Skypilot's live performance. If you have any questions this rider does not address, you may call Fishers Artists Agency at 951-684-3474 for more details.

The Skypilot is: Jordan Grace (vocals, guitar) and Trentan Kruger (vocals, guitar).

The setup for The Skypilot is simple. Please provide:

- Two direct input boxes for acoustic guitars, side-by-side, and front-and-center on stage.
- Two vocal mics on boom stands.
- Two floor monitors on two separate mixes.
- If possible, two waist-height stools are appreciated as well. Sometimes Jordan and Trentan use them, sometimes they don't. But they're good to have just in case.

No specific video or visual production is needed at this time, but a photo and/or logo displayed on screen (if applicable) is nice.
